DOB: 2025. Location: TX. Selling choice doe out of three big pedigrees with all three having big negative GEBV numbers. That's right. You get the big pedigree and the big breeding value and the S marker all in one. Some say, the S marker is most important. Others say the big negative GEBV is the most important and still other others hang their hat on great pedigrees. Well, in this lot, you can have all of it in one. If you like the S marker well all three of these girls have at least one S if not two. If you like big negative numbers, all three of these girls are over a -.3 or better. And if you are like me and like big proven pedigrees, all three of these girls have that for sure. They all have big names on top like GXL, Peacemaker, Green 8, Express, Blackjack, Tiffany, Triple Crown, and Whitney just to name a few. Then all three of these girls are anchored by Triggerrmans' Mama, Miss Kitty. They just don't get much better. Either way, big numbers or big pedigrees in this lot you get both.
